Nevada City Nugget

VOLUME IV, NUMBER 36 THE GOLD CENTER NEVADA CITY, NEVADA COUNTY, CALIFORNIA. THE COUNTY SEAT PAPER AUGUST 18, 1930

NEW YORK SYNDICATE OPENS SOUTH FORK MINE

The Old South Fork Mine near forest in Sierra County is being opened by a syndicate of New York men with J. Y. Owensby as superintendent and L. Davies as foreman. A full shift of twelve men are now working and this force will be increased as soon as the preliminary work has been completed.

The present work is being done in the old Bald Mountain tunnel opening up the tunnel and sinking of a shaft to cut the 16 to 1 lead. Supplies are being brought in and arrangements made so that work may be carried on all winter.

Numerous reports have been made by men well and favorably known engineers on the Kenmar property and from one of these, made by Mr. A. E. Place, M. E., we quote as follows:

"From this examination I draw the conclusion that the chances are excellent for a yield of gold better than $10,000,000 from the gold quartz veins, and of better than $2,000,000 from the placer channels within the next ten years, unless unforeseen conditions arise, and provided there is sufficient financing, competent management and a proper business policy.

"The grade of both ore and gravel is sufficiently rich to allow two-thirds of the above sums of money for dividends after paying all costs, if not more.

"This property is in every way typical of the best producing gold mines of the northern extension of the California Mother Lode. This gold belt has yielded at least $30,000,000 from productiv gold quartz lodes ,and probably three times as much from productive placers, which derived much of their enrichment from the quartz lodes in the belt. The total gold production of Sierra County to 1925 is recorded at $252,000,000."

Now, after a lapse of years, it has become practicable to reopen this great mining property and to recover from its buried channels the wealth that previous operations have shown was available. The repairing of the old tunnel is entirely feasible and makes possible the rehabilitation of the property at a minimum of expenses Engineers are convinced that the renewal of operations where they were forcibly abandoned by earlier tunnel builders will yield, as have other channels in the vicinity, from $2,000,000 to $5,000,000 a mile wherever mineralization exists.

The South Fork is considered by those in the know as one of the best prospects in Sierra County and with a company such as the Kenmar Gold Mines, Ltd. with sufficient capital to get to the rich ore, it is to be expected that this mine will become a rich producer.

CENTNARIAN CELEBRATES BIRTHDAY THURSDAY

. Last Thursday, the 14th, James Prichard celebrated his 100th birthday with a big party at the county farm with Supt. Rodda acting as toastmaster.

Prichard was born in Missouri, August 14, 1830, and lived there for forty years, coming to Nevada County in 1870. He lived in the Rough and Ready section until a short time ago when he came to the hospital because of failing health but for a man of his age he is spry and takes an active interest in life.

He attended the Nevada County Reunion last summer in Sacramento and was given a Telechron clock as a prize for the oldest citizen. He rode in the Fourth of July parade here and enjoyed it very much.

WINTER SPORTS, AIRPORT DISCUSSED BY C. OF C.

At the last meeting of the Nevada City Chamber of Commerce the committees in charge of the winter sports and the airport were heard and after some discussion the matters were held over for further report later. It is the desire of the winter sports committee to get some one with a full knowledge of the requirements and possibilities here to go into the matter fully and make a report before making any recommendations.

JUDGE H. B. NEVILLE HOLDS COURT HERE

Judge H. B. Neville of Sierra county, presided in the Superior court last Friday morning and made the following orders:

McKelvy vs. Greenbaum: Order granting defendant to August 25th within which to appear.

Estate of John Arboast and A. Nivens, Sr.: Order made cancelling the bonds on mining property owned by said estates.

Estate of Caroline Williams, deceased: Final discharge of administrator.

Estates of J. H. Kohler, deceased; Order made reducing bond of administrator.

Estates of Matilda Resseigh and Alice Smith, deceased: John Mulroy appointed appraiser.

In re-petition of Siberia Quartz Mining company for dissolution: Set for hearing September 5.

In re-petition of Seneca Mining company for dissolution: Set for hearing September 5th.

DRUM AND BUGLE CORPS READY FOR BIG PARADE

The Nevada City and Grass Valley American Legion boys are busy getting ready for the big parade to be held in Sacramento Monday afternoon. The Legion expects to have about a hundred members in the parade, its drum and bugle corps is practicing for their part.

The parade, which will include floats, bands and marchers is a part of the three days' convention beginning on Monday.

FORMER MINING MAN VISITS NEVADA CITY

Mr. Maher accompanied by Mr. Leamey of San Francisco, came to Nevada City last Thursday from Calaveras county, to attend to business affairs.

He is in charge of the Oversight mine in Calaveras county and stated that they were working in fairly good gravel.

Mr. Maher also stated that mining has picked up in the last two months very noticeably.

At one time Mr. Maher had charge of the Delhi mine and mining property on the Yuba river.

LOCAL MAN JAILED FOR LEAVING CAMPFIRE

F. M. Letterman of this city and Flynn Myers and A. W. Keast of Sacramento were arrested near Taylorville, Plumas County, by Ranger Herbert Wilcox for leaving a campfire burning.

They were fined $50 b ythe justice at Taylorville and being unable to pay the fine are each serving 25 days in the Plumas County jail.

GRAND MASTER MASONS TO VISIT LOCAL LODGE

Next Wednesday Nevada Lodge No .13 F and A. M., will receive a visit from Grand Master Charles Wollenberg of San Francisco. There will be a dinner at 6:30 in the evening at the National Hotel to be followed by a meeting at the lodge rooms.

The Grand Master will give an address and short talks will be given by other prominent members of the lodge. Grand Lecturer, Thomas F. Baker, who will be here will also be heard from.

SEPT. 21ST IS DATE OF OAKLAND REUNION

It has been announced that the Nevada County Reunion at Mosswood Park in Oakland will be held September 21st. A change from September 9th was desirable and as the Sunday following is to be taken up by the Placer and El Dorado reunion ,it was decided to hold the meeting on the 21st.

Mrs. A. Bessler came down from Downieville to spend Sunday with her son, Tom, who is foreman of The Nugget shop.

ELKS CLUB PLANS PARK IMPROVEMENT

At a recent meeting of the Elks' Sportsman Hunting and Fishing Club of Oakland a definite program was adopted and plans made to carry out the work of improving the grounds which they acquired some time ago but which has been laying idle. The club at present has a membership of about 400. A. J. LaCoste is president; George A Ticoulet, secretary ; Fred A. Harbert, director in charge of memberships.

The name of the tract has been changed to "Bret Harte Recreational Park." It was felt this name was especially appropriate due to the location of the land in the heart of the "Bret Harte Country."

Surveying will be commenced immediately and by the first of November cabin sites will be alloted to the members and they may go ahead with their buildings. Each member is to have one lot on which to build bordered on either side by a lot which must be left in its original state..

It is proposed to dam Clipper Creek to make a swimming hole and later to build a dam which will make a good sized lake. A community building, dance hall, store, tennis courts and even an airplane field are among the things proposed.

FIRE DEPARTMENT ELECTS OFFICERS

The Nevada City Fire Department, which is headed by Otis Hardt as chief, elected the following officers for the coming year: Roland Wright, secretary; members of the board, E. J. N. Ott, Byron Landrigan, Carl Foote, Muller Chapman, R. R. Goyne, L. W. Kopp, and James Penrose.

Last week fire alarm box No. 21, was installed at the corner of Factory and Spring streets and box No. 27 will be installed soon on Broad street near the Schmidt service station. The funds for this work comes from the money raised at the annual masquerade ball.

LOCAL MAN SHIPS CORN TO MARYSVILLE

It would seem from the showing made by J. P. Stites that this foothill country can produce sweetcorn in quantity and quality to compete with any. During the past week Mr. Stites shipped to Marysville four hundred dozen ears of golden bantam corn. This corn finds ready sale in the valley as their sweetcorn is mostly of the white variety which is not near so edible nor so sweet and tasty.

SWEETLAND DISTRICT HAS FOREST FIRE

Saturday evening a fire was spotted in the Sweetland district by the Banner lookout, B. F. Howe, and State Ranger W. F. Sharpe, together with his assistant, Geo. W. Howe, left immediately to locate the fire.

Help was secured from Sweetland and North San Juan and the fire was expected to be under control in a short time as the fire was in brush and scrub timber.

SUPERVISORS ON TOUR OF INSPECTION

This week the board of supervisors, accompanied by Deputy County Clerk, R. N. McCormack, will make a tour of inspection in the eastern part of the county.

The first stop will be made at Soda Springs to look over the new grade crossing built by Southern Pacific near the railroad station there. The new crossing is nearer the station and away from the snow sheds and will to some extent be much safer than the old crossing.

The next stop will be at Truckee where a controversy is on between the Southern Pacific and the people of Truckee regarding the closing of a subway just west of the depot. The railroad company desire to close the subway and divert traffic to the subway about a mile west of town but the local residents object as this would make a long detour to the baseball field. The board will make a decision at a later date and if it is decided not to abandon the present subway it will be improved.

RECKLESS DRIVING COMPLAINTS RECEIVED

Complaint has been made of certain motorists who have been using the streets of the city as a speedway. I tis not uncommon to see machines racing down Broad or Sacramento streets at a speed of 35 or 40 miles an hour.

If hcildren should happen to be crossing the street, or elderly people, for that matter, they are in great danger of their lives from this inexcusable recklessness and an example should be made of some of these speeders by meting out a heavy fine, or perhaps a jail sentence.

Anyone observing these breakneck drivers should take their number and report them either to the city marshal or to the nearest traffic officer.

In the meantime the fact has probably been overlooked that there are no red 20-mile signs at any of the paved entrances into town, with the exception of the main highway on Sacramento street.

However, common sense should prompt anyone not to endanger life and limb so flagrantly, but it seems that that gift is lacking in a good many individuals.

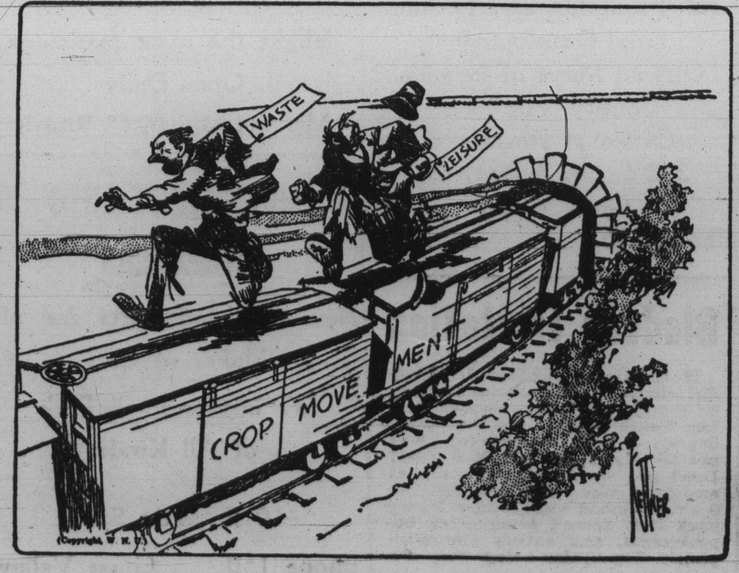
NEW RULING DEFINES ABSENT VOTER

A new ruling by Attorney General U. S. Webb defines an absent voter as any person, who, by reason of his occupation is required to travel; any one engaged in civil, congressional, military or naval service of the United States or the State of California; or any one unable by reason of physical disability or injury to go to the polls.

It had been held that persons engaged in teaching or attending any school and unable to be at their own precinct on election day be entitled to cast an absent voter's ballot. The new ruling, however, will prevent such voting.

The application and affidavit for an absent voter's ballot must be filed between August 16th and 21st. It must be sworn to before a notary

Low Bridge



BANNER FOREST FIRE WAS INCENDIARY

Last Wednesday morning a fire was discovered on the north side of Banner Mountain and burned over about 40 acres before being contorlled. State Ranger W. F. Sharp with a crew of about 50 men assisted by the forest service truck with its pumper had the fire well under control by early afternoon. The fire was on both sides of the N. I. D. ditch and the firefighters soon had the fire out wherever it could be reached by water.

Sharp is of the opinion that this fire as well as three others which have been put out in the same region during the past week are incendiary.

NUGGET TO ANNOUNCE ELECTION RETURNS

The Nugget, as has been its custom, will give election returns from all over the county and state.

Plans are under way to receive complete returns from every district in the county and returns from other counties will be received and tabulated.

The Nugget spares no expense of effort in giving this service to the people of the community.

Bulletins will be posted on the windows as fast as received and a tabulation made.

Anyone is welcome to telephone 36 for the results although it may be hard to get the number as calls will be coming in from all over the county.

At the presidential election, two years ago, hundreds of citizens enjoyed this service and until after midnight the sidewalk outside The Nugget window was crowded with interested parties and the crowds extended half way into the street.

With the uncertainty of Governor's campaign and three fights in the county contest a great deal of interest will no doubt be shown.

FOREST SERVICE ASKS BIDS YUBA PASS WORK

The Forest Service has completed the specifications for the work to be done on the Yuba Pass Highway between Downieville and Shady Flat and it is expected bids can be called for and awarded in time to allow the successful bidder to get his equipment on the ground before the heavy snows fall, thus allowing the work to progress during the winter months when there will be no serious interference with travel.

The Forest Service also announce the letting of the contract for surfacing the highway between Sierra City and Ladies Canyon has been let and the work will soon be in progress.

MAYFLOWER MINE INSPECTED SUNDAY

The Mayflower mine just outside the city limits was given a thorough inspection yesterday by H. A. Hood, the owner, with several other interested parties and a group of surveyors and engineers.

Mr. Hood has been at the property several times this summer and this trip will undoubtedly bring forth some announcement as to the future of the property, which is in a good location and could be made a producer if properly developed.

GOLD EXHIBIT TO BE FEATURED AT FAIR

A large display to feature California minerals will be one of the outstanding features of the coming State Fair at Sacramento opening August 30th. All the Mother Lode countries will feature gold and other minerals at the horticultural pavilion.

A. C. Hardison, director in charge of the minerals department, announced that there will be $300 in prizes for placer and lode gold specimens and ores exhibited. There will be an additional $1,000 awarded for other minerals including silver, copper, quicksilver, tungsten, gems, oil and building materials.

MINIATURE GOLF COURSE OPENED SATURDAY EVE

The Grass Valley Minature Golf Course was opened to play last Saturday evening. This is th first baby golf course to be opened in this vicinity but will undoubtedly be followd by others as this form of golf is now sweeping the country and is said to be seriously cutting down the attendance at the movis. Th movies had thir day and now it seems the corner golf is destined to become one of the major sports of the nation.

The Grass Valley course is being operated by Frank Davies of Nevada City and Jesse Moomey, former Nevada City high school athlte. These men ar well known for their promotion of sports and will undoubtedly prove successful in their present venture.

The golf course is situated on the lot between the Frank building and the Golden Gate rooming house and is a full 18-hole cours, which is outlined in green boards and made of cottonseed hulls. Between the holes the ground is covered with crushed granite. There is a stream, water hazards, rockeries, bridges and other things necessary to a modern golf course. Plants and shrubs are being planted and the place is a real thing of beautyy and a credit to the skill of Joe Valencia, a professional golfer of Sacramento, who is also the owner of one f that city's mst popular miniature courses.

The grounds are equipped with rest rooms and other comforts for the players, and the management is open for suggestions from the public as to any way of making improvements. Flood lights are installed for night playin.

The office, which is of rustic construction, is on the Main street side and here all arrangements for the game are arranged.

NEW COMPANY ON THE MIDDLE YUBA

The Rivers Placers Company of San Francisco, under the direction of Mr. L. C. Smith, are engaged in sinking a vertical shaft on the west side of Delhi Bar on the old Poorman and Hastings claim, which extends for nearly three miles along theMiddle Yuba river from Frenchman's Bar to Kanaka Creek.

Delhi Bar is about opposite the Delhi mill and the territory in view for working lies east of Frenchman's Bar, which was the scene of much activity in the early '50s. It is said that the Middle Yuba yielded almost a million in "dust" in the vicinity of this bar.

A slide of immense proportions, coming from the Pike City side of the gorge, at one time dammed the river to a considerable height and formed a lake perhaps a mile long above it.

Layers of silt and leaf mold rest in closely along the bed of the river, serves to confirm this early geologic incident.

The company proposes to first explore the old channel now covered with several feet of gravel, at Delhi Bar before determining its policy on the working of the half mile of river bottom between that point and Frenchmans Bar.

POSTMASTER NAMED FOR NORTH COLUMBIA

John C. Duffy has been named postmaster at North Columbia to succeed the late Phil Curnow.

Mr. Duffy bought the business conducted for many years by Mr. Curnow and made application for the post office. His appointment has just been announced by the postoffice department.

MRS. ELSIE P. WILLOUGHBY TAKEN TO JONES HOSPITAL

Mrs. Elsie P. Willoughby, editor of The Nevada City Nugget was rushed to Jones Memorial Hospital early Sunday morning. She is under the care of Dr. Carl Jones, suffering from injuries received in an auto accident several weeks ago.

COZY CORNER CHAT

ONLY ONE WEEK remains before election. Sample ballots have been mailed to the voters and candidates are making last minute appeals. It remains for the ballots to tell their own stories.

The most important and interesting fight is, of course, that for the governor's chair· Fitts is definitely out of the picture in the mountain counties although he is expected to pole a large vote south of the Tehachapi Pass. The fight in the north is between Governor C. C. Young and Mayor James Rolph. Each one has behind him an excellent record as a public official and each has many adherents. The outcome of the election cannot be foretold as there are many angles to consider. Young's friends point with pride at the excellent roads built under the able direction of B. B. Meek while his enemies point to the hydraulic bill veto as a direct slap on mining. A lengthy article comes from Sierra County hydraulic miners to show that the $200,000 proposed by the bill was a mere grain of sand compared with the millions needed. So it goes on—pro and con.

Many tales are told on James Rolph, but he has the faculty of making friends and keeping them. Taking over the reins of San Francisco after a political turmoil he has guided the city in a creditable manner and has been returned again and again until sixteen years are to his credit as mayor of the metropolis of San Francisco.

The Editor never goes to Sacramento without hearing the praises of Congressman Harry L. Englebright sung. Now that Hoover has proved that it is possible to elect a president west of the Rockies we may see our Harry ruling over the nation. We are certain he would do it with the same efficiency with which he has represented this district in Congress. Besides he is a gifted talker and posesses a magnetic personality. Here's hoping!

With a full program of mining legislation coming up this winter it is most important to send back to the Assembly the man who has proved himself a friend to the mining industry, J. L. "Jerry" Seawell.

MISPLACED EDITORIAL

Getting out this paper is no picnic.

If we print jokes, people say we are silly—if we don't, they say we are too serious.

If we make a change in the other fellow"s write-up, we are too critical—if we don't, we are asleep.

fI we clip things from other papers, we are too lazy to write them ourselves—if we do not, we are stuck on our own stuff.

If we don't print contributions, we don't appreciate true genius—if we do print them, the paper is filled with junk.

Now, like as not, some one will say we clipped this from a magazine.

We couldn't deny that—WE DID!

YE EDITORIAL TROUBLES OF 1865

Here is the chronicle of a far seeing editor right here in Nevada City who, 65 years ago advocated in strong language the short dress of our girls of today and as a consequence got himself into trouble.

Read what the Nevada City Gazette, published by E. F. Bean in 1865 has to say about it:

"Our item of yesterday about trailing skirts has produced a burst of indignation.

A deputation of ladies in long robes waited on our Local yesterday morning and furiously pounded on his bedroom door before he had made his matudinal ablutions: Local, thinking the house was afire, or some other terrible event was about to happen "opened unto them", though somewhat deshabille. Instantly a fist, white as the driven snow, was shaking under his nose while, with amazing volubility, a dozen voices shrieked in his ear "the lady (this was said with a scornful expression) who told you that the likes of us had big feet or dirty linen to cover up with our long dresses, is a hussy and a cheat "

"She and her sort who wear short dresses and tilters, wear false colors and want to show them They are all spindle shanks, so there now "

Local wants to get married but he is in a quandary where to go. In avoiding Scylla, that is big feet, he may fall on Charybdis, or spindle shanks, Or in shunning dirty linen he may encounter calves of cotton and he really doesn't know what to do".

Here is the article of the day previous, which brought about the furious onslaught on the editor:

TRAILING SKIRTS

A great many articles have been written about the expense of trailing skirts. Much also has been said about the filthiness of allowing a robe to drag over the dirty streets and sidewalks but with, to some persons, little effect.

It is no wonder however that expense and filth are no reasons for discarding dragging skirts with some, if what one of her sex tells us is true.

She informs us confidentially that there are good reasons why some persons wear trailing skirts, and when you see that kind of a dress on the streets, it is safe to say they cover large feet, dirty linen, or both

It would appear then that ladies with pretty feet and unimpeachable underclothes have no motive to wear mop skirts, but only those who have something objectionable to cover up. Boys, take note of this and be governed accordingly".

POLITICAL PIFFLE

Said Governor Young "I'd a little bit rather
There was a better feeling up in Nevada,
That hydraulic bill was a bitter pill
And I feel that my chance will be almost nil
For I knw that I am very unpopular still"
Uu in Nevada.

"They don't count for much—a few miners ,and such
But never the less, one never can guess
In a battle of wits, with Rolph and with Fitts
How a few votes may count when totalities mount
I must put myself right in this three cornered fight"
Up in Nevada.

"What to do! Just what shall I do?"
"Aha! I have it. A great idea too"
That highway unended; they want it extended
We'll just start a rumor, to keep them in humor
That if I keep my seat, the road we'll complete"
Up in Nevada.

So the word was passed on, was stressed good and strong
And where a short time ago they had called them thir foe.
Now all was changed and a truce was arranged
The Chamber of Commerce made calls for a caucus
Of those, who of late, had swallowed the bait
Up in Nevada.
But so few attended that before it had ended
A scout was sent out to page president Hoge,
Seen on the street, he was asked to the meet
"Like h— I'll be there, he said with some heat,
He said other things I'd dare not repeat
For if set up in type they'd burn holes in this sheet
Up in Nevada.

I can't get the sense (but perhaps I'm too dense)
Of the arguments made of the roadwork delayed
And highways not done; unless we have Young.
Such talk oft is heard, but is clearly absurd.
The reasoning's punk, the worst kind of bunk
Up in Nevada.

I know that I—even you can't deny
Our homes, our good times, depends on our mines
So why uphold one like Governor Young
Who acts with disdain, wouldn't sign even his name
To help us unfold our store of gold,
Up in Nevada.

CHAIRMAN EQUALIZATION BOARD MAKES VISIT

Richard E. Collins, of Redding, Chairman of the State Board of Equalization was here today conferring with local citizens, among whom he has acquired a large acquaintance during his long period of public service.

Familiarly known as "Dick" to a host of his constitutents Collins is rounding out his twenty-fourth year as Member of the State Board from the third equalization district. He is seeking the Republican nomination to succeed himself at the primary election on August 26th.

Reviewing his extended service in revenue administration, Collins made the following statement to the voters in his district:

"Because I believe that the People want experienced practical and efficient handling of tax work, I am submitting my candidacy for another term on the State Board of Equalization. My record covers a period of twenty-eight years in this field and is one which I feel I may be justly proud.

"After four years as Assessor of Shasta County, where I gained firsthand knowledge of local tax problems, I was elected to the State Board in 1906. There I have worked consistently to give California efficient administration of state taxes.

"Realizing the necessity of devising better methods for meeting public expenditures, I have helped inaugurate and administer the gasoline tax and other major improvement in our revenue system.

"Repeated expression of public confidence in my work on the Board of Equalization has indicated to me that the voters are in sympathy with my aims and accomplishments. It is with this in mind that I am again seeking the office to which twenty-four years of my life have been devoted.

RE-ELECT

GOVERNOR C. C. YOUNG

'THE MAN WITH THE RECORD'

California, at this critical period, vitally needs a steady hand at the helm, Mr. and Mrs. Voter.

It needs more of the constructive economy that has given California's state Government two major tax reductions, lowered operating costs and a $29,000,000 state treasury surplus.

It needs a continuation of the sound business practice inaugurated by Governor C. C. Young—"The Business-Manager Governor."

THE RECORD OF GOVERNOR C. C. YOUNG
Here It Is:—

2200 miles of highways completed in four years.

Expenditures reduced to lowest rate of increase in years.

$29,000,000 treasury surplus.

Highway financing placed on "pay-as-you-go" basis.

$18,000,000 SAVED in highway bond and interest charges.

Tax crisis met effectively and fairly, averting threatened loss of 22,000,000 in bank and corporation taxes.

130 bureaus consolidated into 13 strong government departments. Park system launched; "Save the-Beaches" movement inaugurated.

Forestry patrol more than doubled.

Oil and gas conservation effected. San Francisco Bay Bridge approval obtained from federal government.

Hoover-Young water commission secured to solve water relief problem.

Colorado River development forwarded.

Hundreds of farmers saved from bankruptcy by refinancing of reclamation districts.

Pensions provided for needy aged and needy blind.

100 per cent Labor program—ranked as finest in the United States.

$20,000,000 invested in veterans' farm and home loans.

Capable business men, rather than politicians, appointed to important state offices.

NOW LET'S BE INTELLIGENT,

You Can Ill Afford—To trade economic security for whispered promises of "Light Wines and Beer"—something no Governor can give you!

Nor Can You Afford—The "Wreck and Ruin" policies of Immature, Ambitious Candidates, whose zeal for office extends to the extreme of falsifying taxation records.

WHEN UNEMPLOYMENT THREATENED,

Governor C. C. Young acted! California's highway building program was speeded-up until today more than $3,500,000 is being spent monthly in building California roads with California labor and California materials.

And California, in this period of economic stress, has less of unemployment less of, business depression, than any other state in the United States.

LET'S BE SANE;

LET'S RETAIN—

GOVERNORC. C. YOUNG

'THE MAN WITH THE RECORD'

Renominate Him At The Republican Primary—August 26th.

GRASS VALLEY PERSONALS

William Levee of Lowell Hill was a visitor during the week.

George Levee of Steephollow Creek attended to business in Grass Valley.

Mr. and Mrs. Earl Andrews spent their vacation in Oakland.

Richard Rogers motored to San Franrisso and returned with his wife and daughter who have been visiting there.

Mr. and Mrs. Erroll MarBoyle are home from a business trip to San Francisco.

Miss Silby and Brian Bennallack are home from a vacation spent in San Francisco, Berkeley and Sacramento.

Robert Deward of Calistoga spent a short time visiting his mother and family in Grass Valley.

Mrs. N. T. Kent and daughter visited with friends in Sacramento

Thomas Stile of Oakland was called to Grass Valley on account of the serious illness of his mother, Mrs. S. J. Bennetts.

Mrs. Fred Clemo and children and Miss Elsie Kent returned from a week's visit in Sacramento.

Mr. and Mrs. Fred Sampson spent a two week's vacation in San Francisco.

A. O. Witte and wife of Los Angeles are spending a few days at the Grass Valley-Boreham Gold mine.

Miss Florence Lowe of Sacramento is spending two weeks visiting Mr and Mrs. Archie Lowe.

Mrs. Fred Foote, Norman and Barbara Foote are spending a short vacation at Santa Barabara.

WHAT GOV. C. C. YOUNG HAS DONE FOR NEVADA COUNTY

Here is a record of performance in Nevada County that should make interesting reading for the voters here.

When Governor C. C. Young assumed office new construction on the State highway system had been marking time for four years. This was because of the veto by former Governor Richardson of the one-cent gasoline tax for new state highway construction.

One of the outstanding planks of Gov. C. C. Young's campaign for his first election was the assurance iven the people of California that, if he was elected, State highway building would be immediately resumed. Gov. Young was elected and caused to be introduced into the Legislature a measure proposing a one-cent gasoline tax for new State highway construction. With the support of Gov. Young, this measure was passed and was one of the first bills to receive his signature.

The extent to which Nevada county has been benefitted by the Young one-cent gasoline tax is shown in the fact that $659,640 has been spent in this county from funds received from this tax, that otherwise would not have been expended had it not been for Governon Young.

financed thru Young 1c gasoline tax

List follows of highway projects

Donner Lake to Truckee, grading and 20' crushed stone surface $30,-781.

Oiling from 3-4 mi. west of Donner Monument to Truckee Junction $7,916.

Donner Lake to Truckee, bituminous surfacing treatment $7,302.

Across South Fork Yuba river near Indian Springs concrete bridge $14,631.

Near Yuba Pass, overheard crossing $59,064.

Indian Springs to Soda Springs, grading 7 miles $176,405.

Airport to Indian Springs, grading 3.3 miles $150,372.

Airport to Yuba Pass ,surfacing $6,730.

Hinton to Nevada Line, oil treated surfacing $31,785.

Tahoe City to Truckee Junction oil treating surfacing $7,000

South Fork of the Yuba River to Soda Springs surfacing $107,471.

Total expenditures on Tahoe-Ukiah highway under Young administration are $1,826,560 as compared with $607,585 during the preceding administration an increase of 300%.

Mr. and Mrs. Joe Poggi of Downieville spent Sunday in Nevada City

CONTINENTAL CREDIT COMPANY

An interesting commentary on the ability of installment sales houses to maintain maximum liquidity during decreased buying periods, comes in a report from the Continental Credit Company that its collection experience during the first six months of 1929, and the ratio of delinquency at June 30, this year, was lower than at any time during the last two years. These facts were revealed with the announcement that the regular quarterly dividend of 15c a share will be paid on August 15 to stockholders of record July 31st.

Continental Credit Company is engaged in the financing of installment sales, with the major part of its business derived from the automotive field. Net profits and volumne of business done between January 1 and June 30 of this year were greater than in the first half of 1929, with past due items reduced to the lowest ratio yet attained. In commenting on the announcement Henry Girola, president, said, "While the number of contracts written gives us a confidence for the future, we are still more gratified by the record of collections, with its indication that the average purchaser is making every effort to keep his personal finances in a sound condition. Such an attitude on the part of workers in general cannot fail to strengthen the country's economic situation."

Coincident with the announcement of the dividend, the company has declared its intention to make substantial investments in the building and loan field. The era of expansion that biulding and loan entered upon two or three years ago has drawn attention to the securites of these institutions, and the directors feel that such commitments will still further enlarge the earning possibilities of Continental Credit. Additional capital funds are being secured thru an offering of 160,000 shares to the public at market, prior preference in allotment being given to present stockholders.

ELM TREES SPRAYED TO CHECK BEETLE

During the past week a truck equipped for spraying trees was furnished by the state department of agriculture and the elm trees in Grass Valley given a thorough spraying with arsenic of lead to check the elm leaf beetle which had made its appearance there some time ago.

A. W. Hosmer of San Francisco who is interested in the Mayflower mine near Nevada City is here on business regarding the property.

R. Eisert of San Francisco came up to attend to business in regard to the Marflower mine.

CHEROKEE ITEMS

The Board of Trustees of the Camptonville Union School District held a meeting Monday afternoon on the school grounds for the purpose of determining certain improvement on the property.

During the past few weeks several children have been injured and two arms broken on account of the dangerous play ground equipment .The board voted to remove the slide from the premises and to correct the swing. A new drinking fountain has just been installed and a new sink has been placed on the back porch. A new walk has been finished from the front of the school house to Spring street.

Miss Lola M. Labadie of Browns

John Jaynes motored to Nevada City Monday on a short business visit

Mrs Levi Turner killed a large rattle snake at her home in Kendalls Land Sunday. This makes the fifth snake killed at the Turner home this summer.

Mrs. William B. Meek left Sunday for Oak Valley where she will spend some time visiting at the Joubert home.

B. F. McNaught and Seylour Smith, owners of the Sleighville House, three miles north of here have just finished renovating one of the old barns at the Sleighville House into an up-to-date dance hall. A new floor has been put down, music stand put in, seats added and other improvements made. On August 16th, the opening night will be celebrated by a big all night dance with a midnight supper. A collegiate orchestra from Marysville has been chartered and a large crowd is expected to be present.

LEGAL NOTICE

NOTICE TO CONTRACTORS

Sealed bids will be received by the City Council of the City of Nevada for the following items of street work and building material.

Item 1.—Asphaltic oil, grade E or its equivalent—20 tons more or less.

Item 2.—Crushed rock, per ton spread on street. 1½ to ¼ crusher run, to compare to highway specifications, applicable for highway construction.

Item 2A—Crushed rock, piled on street as of Item 2.

Item 3.—Screenings per ton spread on street.

Item 3A—Screenings per ton, stock piled n street.

Item 4.—1 in. to ¾ in. crushed rock, stock piled.

Item 5.—Construction of 1500 feet of pavement on Coyote street. Street to be scarified and scraped for a sixteen-foot roadway with a minimum of 3 inch water bound macadam rolled, firm and solid with a 12-ton roller or its equivalent with a wearing surface of one inch crushed rock and screenings to be applied as is customary in highway construction.

Three coats of asphaltic oil to be applied in construction of said pavement as is customary in standard highway construction in the following quantities: First application, ¾ gallon per square yard; 2nd application ½ gallon per square yard; 3rd application ¼ gallon per square yard. Said oil to be heated to not less than 360° or more than 400° Fahrenheit.

Item 5A.—Rental per hour of 60-H. P. catapillar tractor and scraper and blader with operator.

Bids will be opened at City Hall at 8 p. m. on Wednesday, August 27, 1930. Board reserves the right to reject any and all bids.

Specifications of suitable pavement is on file at the City Hall. Contractor may present for the Council's consideration a type of pavement he would build and guarantee as a substitute for the type advertised.

G. H. CALANAN,
City Clerk.
R. J. BENNETTS,
President.

80TH ANNIVERSARY CELEBRATED THIS YEAR AT STATE FAIR

Sacramento,—Eleven big exposition buildings on the State Fair grounds in Sacramento are being gaily decorated and filled with hundreds of exhibits in preparation for the California State Faid and Western Exposition which opens on August 30th and cntinues for nine days.

The exposition this year will be of extraordinary size, celebrating California's 80th birthday. The states of Oregon, Utah, Nevada, Idaho and New Mexico and a number of South American countries, including Argentina and Brazil, will join California in the anniversary event with elaborate displays in the Western States building. In the horticultural pavilion 53 California Counties will show their wealth of resources, presenting a visual demonstration of the theme chosen for this year's State Fair—"Eighty Years of Progress".

The opening day of the exposition will be marked by the dedication of a new livestock building, an immense structure covering four acres. It will house one of the finest displays of blooded stock ever assembled on the Pacific Coast.

More than 2,400 California schools will be represented in the exhibits in the educational building. The women's building, machinery hall, poultry building, art gallery and various other departments of the Fair all will reflect the remarkable growth and progress of the state.

In addition to the usual horse races, State Fair horse show classic, and circus acts, the entertainment program this year will include steeple-chasing and polo matches, an innovation to provide extra thrills for the crowds.

Other special features will include the radio stars of the Golden State Blue Monday Jamboree who will appear before the granstand on the afternoon of August 31st, and the Romantic Forty-Niners on "Pioneers' Day," Sept. 7th, when tribute will be paid to surviving "Forty-Niners" in attendance at the exposition.

Two hundred dollars in cash and a gold medal are waiting for the best speller in California.

Rules for the California State Fair free-for-all spelling contest, to be held in Sacramento September 2d were announced today by Ellis Franklin, director of the educational department of the exposition.

For second prize $100 and a silver medal are offered, and for third prize $50 and a branze medal.

Here are the rules:

Contest will be written.

A list of 100 hundred words will be selected at random.

Authority for the spelling of all words used in the contest will be Funk & Wagnall's new standard dictionary and Webster's new international unabridged dictionary.

Words must be capitalized and hyphenized where dictionary so dictates.

Words will be clearly pronounced and explanations made where it seems necessary.

Contest is open to anyone in California. There is no entry fee. Entrants are to send their names and addresses to Mrs. Jane Amundsen, superintendent of vocational department, State Fair Grounds, Sacramento.

Paper will be furnished, but participants are expected to have their own pencils.

The contest will be held in the grand stand building at the Fair grounds at 10 a. m., Tuesday, September 2d.

Grammar and high school spelling contests are to be held on August 30th, the opening day of the Fair.

NEW YORK MINE EXCHANGE BEGINS TRADING SEPT. 10

Announcement has been made that active floor trading of the New York Mining Exchange will commence September 10, and permanent executive offices have been established in the Munson Building, 67 Wall Street, NewYork City.

This exchange was organized in January of this year under a charter of the state of New York for the purpose of providing a central market for securities of established companies engaged in mining, oil, and allied industries, especially many of those stocks now listed and traded on the various exchanges of the United States, Canada and other countries.

The first call on the trading floor will be of a selected list or seasoned mining and oil isues. As the volumne of trading increases, a classification will be made and issues will be segregated into those classed as mining investments; those classed as meritorious prospects and unlisted. It is also proposed to permit original financings under proper regulation.

In addition to providing a central open market in the eastern financial center of the country, it is also the purpose of the exchange to protect the public from fraudulent flotations in so far as rigid preliminary investigation and surveillance of trading floor operations make it possible to do so, and by maintaining a high standard to establish public confidence with respect to dealings in such securities. Reliable information and stastical data concerning all investments or speulative issues listed on the exchange will be collected and distributed among its members and associate members.

Heber C. Hicks is president and chairman of the board of governors, and this board will be supplemented by technicians, staticians and affiliated competent engineers and geologists, located in various parts of the United States and Canada.

The exchange is now investing securities offered for listing. It is not the purpose of the New York Mining Exchange to supplant other exchanges, but rather to co-operate with them.

ROUGH AND READY ROAD RESURFACING COMPLETED

The Nevada City maintenance division of the California Highway Commission has just completed the resurfacing and oiling of the Tahoe-Ukiah highway from Grass Valley to Rough and Ready, a distance of four miles.

The equipment of the C. R. Adams Company was used and proved very efficient and saved a great deal of time due to the capacity of the tanks.

There remains about 2500 gallons of the oil allotted to this work and permission has been requested of the state offices to use this oil on the highway beyond Rough and Ready.

TURPIN HOTEL

The Turpin Hotel will be closed to business, after Friday night, August 8, for complete renovation, requiring two or three months. We are continuing the operation of the Terminal Hotel at 600 Market street.

STAGE TIMETABLE

All the *hot* water you want —*no waiting, no bother!*

This instant hot water service saves 4 to 6 hours of your time each week

School bells end vacation days. Then comes additional cares for mothers — little faces to wash and clean clothes to put on. Perhaps a parting smudge by a four-legged friend adds another care.

No wonder that mothers today want their homes to have the many conveniences — like INSTANT HOT WATER, to wash away the trouble.

An abundant supply of hot water, instantly, saves your time and energy—by quickly dissolving dirt and grease, by making it easy to keep things sweet and fragrant.

No Need of Watching the Automatic Gas Water Heater

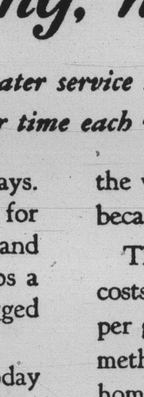
With the Automatic Gas Water Heater, a thermostat turns the gas on and off. It maintains the water temperature at 140 degrees day and night. At any moment one can have deep hot water for bathing, a basinful for shaving. No gas is wasted keeping the water hot, the water stays hot because the boiler is insulated.

This instant hot water service costs less than one-fifth of a cent per gallon—the lowest cost of any method of heating water in the home.

Special Summer Sale

Believe it or not—the P. G. and E. will completely install an Automatic Gas Water Heater for you as follows:

$10 allowance for your old water heater.



$5 down

Balance as low as $6 a month for 18 months.

Come into our office or a dealer's store and see the modern heaters. Or just telephone and our representative will call, inspect your present water heating equipment and make you an offer.

MRS. JOHN FERGUSON PASSES 99TH BIRTHDAY

Last Saturday Mrs. John Ferguson of Sebastapol celebrated her 99th birthday and Sunday the family and friends gathered at the Ferguson home near North San Juan to hold a birthday party.

A granddaughter, Mrs. J. L. McIntyre and her son Jimmie have arrived from Montana and several friends from Montana and Los Angeles will also be present.

—0—

HOGAN FAMILY HOLD DOUBLE CELEBRATION

Last Saturday evening at the National Hotel there was held a very enjoyable and beautiful party and dance which was in honor of Miss Catherine Hogan, whose engagement to William Morgan of Oakland. was announced a short time ago and also to celebrate the first wedding anniversary of Mr. and Mrs. Francis Hogan.

About fifty guests gathered in the upper dining room of the hotel which was decorated with gladiolas, dahlias and ferms. Following a dinner dancing was enjoyed until a late hour.

MINING MAN HONORED AT COUNTRY CLUB PARTY

C. B. Lakeman, a former Grass Valleyan and widely known mining man of this district, was honored at a party Saturday night at the Empire County Club given by Mr. and Mrs. George W. Starr. Dancing and cards were enjoyed until a late hour.

KATHERIN CELIO CELEBRATES BIRTHDAY

Mrs. Gove Celio gave a delightful party in honor of her daughter, Katherine, who celebrated her fifteenth birthday last Tuesday.

Bridge and games were played, Miss Phyliss Horn winning the bridge prize and also one in a guessing contest. The other prizes were won by Misses Betty Gaylord, Florence Cerro and Neta Botting.

After the games were over delightful lunch was served. The table being decorated in green and yellow with golden glow and chrysanthemums.

—0—

RALPH A. WILLOUGHBY HAS BIRTHDAY PARTY

On August 15, Ralph Arthur Willoughby celebrated his seventh birthday at a picnic supper on Mosquito Creek.

His little guests, Rose and Albert Ponticelli, Carl and Norman Kopp, Carl and Elton Tobiassen, Georgia and Bobby Day, Billie and Jonnie Muscardini, Betty and Jimmie O'Connor, Craig Davies, Jimmie White, Eddie Curtis, Jimmies Niccoll, Eleanor Willoughby, Jimmies Nankervis Lorraine Erway and Billy Kilroy, played games and gathered around the bon fire to roast weinies and toast marshmallows. A large birthday cake with seven candles was cut by the young host. At seven o'clock the children were returned to their homes by auto tired but happy.

Mrs. C. C. MacGowan, Mrs. Mildred White, Mrs. H. A. Bailey, Mrs. James Manson Niccoll and Mrs. Nell Ferrier assisted Mrs. Arthur Willoughby serve.

CAMPTONVILLE JOTS

Two real estate changes took place here recently, Forest Ranger Frank W. Meggers has taken over the Dietrich place a mile north of town known as the old Tannery ranch. Although it is under new ownership the former owner, Jacob Dietrich, will continue living on the property.

The Forest Ranger also purchased the south half of lot 4 and 5, block 3, town of Camptonville from Conrad Krausgrill. This borders his residence and contains a valuable spring of water which the new owner has developed, put in a cement bulkhead, and is piping it to his residence.

On Tuesday evening, August 19th Gravel Range Lodge No. 59 F. & A. M., will hold a reception for Grand Master Charles M. Wollenberg of San Francisco and Grand Bible eBarer William B. Meek f this place. All the Masonic Lodges of this section have been invited and a very remarkable meeting is expected. A fitting program will be presented followed by a banquet. Wollenberg was present last year when Gravel Range Lodge celebrated its seventy-fifth anniversary.

Mrs. Joseph Lavessola and daughter passed through town Wednesday en route to North San Juan on a short visit with relatives.

Ed Stanbaugh of Nevada City was a business visitor here Wednesday morning.

Miss Doris Nightengale of Pike City was a visitor at the Joubert home at Oak Valley Tuesday, Miss Nightengale and Miss Losta Jubert motored to Nevada City during the day.

Frank iKng of Yuba City was in town Tuesday on a business trip.

FRENCH CORRAL ITEMS

FRENCH CORRAL, Aug. 16.—(Special to The Nugget).—Every heart seems throbbing with expectation. The younger ones looking forward to the resumption of school wrk and the older ones looking election day. Personally and through U. S. mail, the candidates are busy presenting themselves. School house and grounds are being put in order. So despite fatigue of summer weather everything seems to be taking on new lif. Evry day auto parties pass, either going or coming from their camping vacation in the mountains.

Mrs. Adele Browning and children, with W. R. Clerkin and sister, Miss Millie, returned Thursday evening from their camping trip near Weber lake and Jackson Meadows.

Mr. A. Browning and his mother, Mrs. Annie Browning of Nevada City were Thursday visitors.

Lotta Browning suffered a painful accident Thursday evening when she attempted to hurry the kitchen fire by pouring on some kerosene. The flames suddenly burst out and caught her burning her face and arms and hair. Fortunately her quick action saved her clothes from catching and her many friends will be glad to learn that the burns are healing rapidly and will leave no scars.

Mrs. H. Haskins and children, accompanied W. E. Moulton on a business trip to Nevada City Friday.

I. W. Culver is busy delivering choice fruit to many customers.

Mr. and Fred Parker of Fresno, accompanied by Mrs. E. Wilcox and little daughter, Fanny, visited the family of J. W. Culver Friday.

Keith Sutherland of Pittsburgh is visiting his sister, Mrs. E. Sutherland of this place.

Miss Barbara McKimm and brother Dean, have gone to Oakland to visit with friends before school begins.

Mr. and Mrs. W. W. Washburn and Mr. and Mrs. Beryne Crawford had business in French Corral Friday.

Misses Catherine and Theresa O'Connor of Birchville were Sunday visitors. They report that their brother Arthur and sister Martha who have been on a pilgrimage to Europe are now back to the U. S. A. Mr. O'Connor, kindly remembering friends during his tour in Europe and sent letters and post cards from the different points of interest. We shall tell more of this later.

Clyde Browning made two trips to Hamminton Monday to move the furniture of J. H. Henlett who has purchased a home in French Corral.

F. S. Wood and Al Tackitt were down from Siberia mine Sunday.

F. Harris and Louisa Moulton made a business trip to Marysville Monday.

Harry Browning came down from Pike City Saturday to spend the week end with his parents.

H. DICKERMAN

There is one man in every State that can serve all of its people best

JAMES ROLPH, JR.,
is a true representative of the spirit of California.

James Rolph, Jr., has reflected the highest credit upon the community of which he has been the Mayor for nearly twenty years.

James Rolph, Jr., is exceptionally well equipped to foster and expand the affection that the people of all the other States entertain for California.

James Rolph, Jr., interprets correctly and accurately the ideals and impulses of the people of California.

James Rolph, Jr., better than any other man, can break down what remains of the sectional prejudices in California, which he has constantly striven to abate.

James Rolph, Jr., is California born and raised, and in the twenty years of his public service he has built up a record of achievement that qualifies him as the one man that can best serve all the people of California.
